SPOTLIGHT

"Unite. Strengthen. Impact. Lead"

We were happy to see everyone at the Serve KY Launch event last week at EKU! It was wonderful to interact with all our Coaches and other AmeriCorps program members from across the state. Congratulations to all those sworn in as AmeriCorps members at the swearing in ceremony, pictured left top. Highlights from the event also included several informative breakout sessions. Session topics provided information on Leadership, Professional Approach, Employability Skills, Suicide Awareness, Implicit Bias, Values, and a Poverty Simulation. Look for an email from Shellie on how to fill out your timesheet and mileage form. Please complete these and submit it to Mindy as soon as possible.

mindy.wilson@kycompact.org.

IN OTHER NEWS

Serve
With Us

We are pleased to share some exciting news about Alternative Service Break grant funds! In addition to our regular funding for overnight and/or weekend/evening/day service experiences, we have been offered additional funding from Serve Kentucky to help support disaster relief efforts in Eastern Kentucky (flood) and Western Kentucky (tornado). Both of these locations will have ongoing opportunities for service through the

next weeks and months. If you, or someone on your campus, is interested in bringing a group to serve in one of these locations, we may be able to support those efforts. In addition, Serve Kentucky may be able to help your group connect with an organization or community in need if you'd like.

These funds require a match from your institution/community partner to cover at least 50% of the experience's costs and may include in-kind gifts. In-kind contributions may include, but are not limited to, the use of an institutional vehicle, donated time by chaperones and non-student participants, community partner time, meals/housing donated by community partner, donations (monetary or supplies) collected by students, etc. Please note that funding is available as reimbursement only.

Please also remember that we do have funds available to support service opportunities in Kentucky that are not related to disaster relief as well. Please apply at the link below!

Alternative Service Break

Mindy will be starting site visits soon. Reminder to look out for an incoming email to set up a time to meet with you and your site supervisor.
